On-time Graduation Rate

On-Time Graduation Rate i

On-Time Graduation Rate is defined as the number of students who graduate with their enrollment cohort (i.e., within thirty (30) days of their expected graduation date) divided by the total number of students in that class who ultimately graduated. The enrollment date and the expected graduation date of each cohort are specified by the program. The established threshold for on-time graduation is 70%.

Graduating Years	2019	2018	2017	2016
