PROVISIONAL ACCREDITATION SELF-STUDY REPORT (PSSR) ADT ENTRY INTO RC PROFESSIONAL PRACTICE

INTRODUCTION

Each program and program option must conduct a self-study review process, which culminates in the preparation of a report. The CoARC will use this report and any additional information submitted to assess the program's degree of compliance with the 2015 Standards for Entry into Respiratory Care Professional Practice ("Standards") available at www.coarc.com.

The Provisional Accreditation Self-Study Report (PSSR) has two general objectives: (i) to verify that the program and program option (if applicable) continues to meet prescribed Standards and (ii) to promote programmatic self-evaluation and continuous quality improvement. Through the self-study, the sponsor should identify programmatic strengths, weaknesses, and areas in which improvement is needed or desired. This PSSR includes documentation, data, and descriptive text that collectively provide evidence of compliance with Standards and support the sponsor's self-evaluation of the degree to which the program meets, exceeds, or fails to meet (as appropriate) the requirements of each Standard. This PSSR should also describe strategies undertaken or planned to ensure that compliance and programmatic strengths are maintained and areas in which improvement is needed or desired are addressed in a timely and efficient manner.

The Executive Office provides an administrative review of the PSSR followed by a detailed analysis by the Program Referee. The results of this review and analysis are documented on the Referee Analysis of the PSSR which serves as the basis for final determination by the CoARC Board of Commissioners (the "CoARC") of compliance (or otherwise) with the *Standards* and subsequent conferral or denial of Provisional Accreditation. The primary objective of the Referee Analysis of the PSSR is to facilitate consistency of evaluation within and between Program Referees as well as consistency of the accreditation actions and recommendations of the CoARC.

By providing the framework and criteria for determination of compliance to sponsors in advance of the evaluation of their program, CoARC is being more transparent. The Referee Analysis of the PSSR – exactly as used by the Program Referee and CoARC – is available (at www.coarc.com) as a companion piece to this PSSR. As described below, CoARC strongly recommends and requests that sponsors use it as the basis for completing this self-study. In this way, the format and criteria of the sponsor's self-evaluation will mirror the format and criteria used by the Program Referee and CoARC. CoARC believes that this approach is more efficient and effective. It should benefit the sponsor whose program is being evaluated by providing an easy-to-follow format and criteria for completing the PSSR, as well as benefiting CoARC through the close alignment of the sponsor's self-study report with the main tool used by the Program Referee and CoARC.

The next section provides instructions for completing the PSSR and other requirements related to its submission to the CoARC. Any questions related to the completion and submission of this PSSR and related documentation should be addressed to the CoARC Executive Office.

INSTRUCTIONS

In order for the PSSR to receive a timely review, please complete all sections carefully and completely. Complete the self study in the appropriate format (including the Application for Accreditation), zip the Self-Study Report File into a compressed zipped folder and upload it to the link provided by the Executive Office. Do not forget to mail the appropriate fees to the Executive Office at PO Box 54876, Hurst, TX 76054. Missing or inadequate documentation or data negatively affects CoARC's ability to evaluate aspects of the program and to determine compliance (or otherwise) with the Standards. Accordingly, insufficient or inadequate information in the PSSR may (indirectly) result in a determination of "Does Not Appear to Meet the Standard."

APPLICATION FOR ACCREDITATION SERVICES:

The sponsor must include a completed <u>CoARC Application for Accreditation Services</u> (see Section A for instructions) when submitting this PSSR.

FEES:

Please submit a check for the amount invoiced upon receiving the Provisional Accreditation Self Study Report (PSSR) template. (For a complete list of all accreditation fees, please visit http://www.coarc.com.)

- Describe noteworthy areas or concerns/plans or strategies for quality improvement (when indicated).
- Identify and briefly describe the evidence of compliance submitted as indicated.

APPENDICES:

Complete all sections of the appendices as noted in the instructions for each section.

GUIDELINES FOR SUBMITTING SELF-STUDY DOCUMENTS:

You will receive a link from the Executive Office to upload a compressed zipped file of the Self Study Report folder.

File Formats for Attachments: Adobe Portable Document Format (.pdf); Microsoft Word (.doc) or (.docx); Microsoft Excel (.xls).

Make the document readable: Avoid using complex, colorful background patterns and images that can obstruct the readability of text on a page. Ensure correct spelling, grammar, and punctuation.

Organize the materials for quick search and retrieval: Documents should be positioned so that they do not need to be rotated to view and the ability to rename the folder and/or documents should not be restricted. Please refer to the step-by-step instructions on page 6.

Facilitate in-document note taking: Use applications for presenting text-based documents that allow in-document note taking. Disable document features (e.g., Adobe Acrobat® passwords) that prevent the reviewer from taking notes.

Limit web access or file downloads to optional materials: The CoARC must retain a snapshot of the information presented at the time of the submission of the report. For this reason, the information within the report must not lime to the laternet. To ensure that the CoARC retains the correct information, please add all web-based information into the report by saving and including it within any of the accepted file formats [Adobe Portable Document Format (.pdf); Microsoft Word (.doc) or (.docx); Microsoft Excel (.xls)]. The sponsor must provide all information and materials that are required for the PSSR.

Use computer-based video, photographs, animations and audio sparingly: Avoid using computer-based video, animations and audio except where they add to information about the program or present the content more effectively than other methods (e.g., a visual tour of facilities). If these media are used, give the reviewer full control over playback including the ability to fast-forward or skip presentations. Photographs, unless directly related to your report, should be limited. Further, photographs which require a photo wizard for viewing should not be included.

TIMING OF SITE VISIT:

A site visit will be arranged once the CoARC Executive Office and Referee have finished a review of the self-study and have concluded that the overall report is completed. At that time, the CoARC Site Visit Dates Request form will be sent to the Program Director via email and must be completed as directed. The on-site evaluation should occur approximately 3-5 months following approval of the PSSR.

DUE DATE: The PSSR is due on the date communicated to the program by the Executive Office. Upload the zipped file of the Self Study Report folder to the link provided and send the appropriate fee to:

Step-By-Step Instructions

There are a few helpful tools that you will need available in your toolbar. Those are the hand tool, previous page view button (if available), and bookmarks panel. All tools can be located by selecting View, Toolbars, and More Tools (location may vary by software version). The hand tool allows you to fill in the highlighted fields, and previous view enables you to go back and forth within the template. The bookmark panel allows the user to navigate to different pages quickly within the document and is located in the navigation pane.

Please be sure that documents are positioned so that they do not need to be rotated to view and the ability to rename the folder and/or documents is not restricted.

Please use the steps on the following pages as a guide in completing the self-study. [Please note: Any time a page number is reference in the steps below, you can click on it to go directly to that particular page. To return, just use the previous page view button.]

Remember to save your work often as you fill the template out
