COARC

COMMISSION ON ACCREDITATION FOR RESPIRATORY CARE

ON-SITE REVIEW REPORT (For Use with ADT ENTRY CSSR)

INSTRUCTIONS FOR USE OF ON-SITE REVIEW REPORT

The On-Site Review Report form (OSRR) is designed to allow for standardized review and reporting on Respiratory Care programs. The On-Site Review is an integral component of the accreditation review process. As such, the on-site review team should focus its review on the following:

- 1. The Evidence of Compliance required at time of on-site evaluation (specific evidence is listed in this report and relevant Standards are highlighted);
- 2. Standards identified as "Appear Not Met" or for which compliance could not be determined at time of self-study review;
- 3. Specific issues (Form X) identified by the Program Referee;
- 4. Findings from Self-Study Report questionnaires and on-site interviews.

In order to make the best use of the time available for the on-site review, the site visit team should refrain from reviewing Standards that have been previously determined to be compliant based on evidence submitted during the self-study, unless circumstances dictate. However, should the site visit team identify deficiencies in Standards previously identified by the self-study review to be compliant, the site visit team should check "Not Met" on Form B with a rationale, and provide further comments to the Referee on the second page of Form X.

How to Use the Form:

- 1. Meet as a team to discuss the agreement with each Standard. Complete the Summary Checklist (Form B) by noting "Standard Appears Met," or "Standard Appears Not Met." Include the Rationale as to how the findings of the Team support the citation. Be specific.
- 2. List program strengths (Form C).
- 3. Complete Suggestions for Enhancement (Form D) if appropriate.
- 4. Complete Additional Comments (Form E) if appropriate.
- 5. Complete Form X to provide to the Referee comments or possible remedies for each citation listed on Form B. Do <u>not</u> present these recommendations to the program.
- 6. Circulate Form A to have each Summation Conference attendee print his/her name, so you may type each name on the electronic report.

Communication of Findings:

The team should meet with the program personnel prior to the Summation Conference to discuss findings and to eliminate any potential misunderstandings.

Submitting the Report:

Typing in the names of each team member on Form A is considered an electronic signature and both are in agreement with the report findings and submission of the OSRR. The Team Captain is responsible for submitting the report electronically within 5 working days of the visit. All Forms must be returned to the Executive Office. Reimbursement for all trip expenses will not be paid until the report is submitted.
