© 2023 All rights reserved. Commission on Accreditation for Respiratory Care

The CoARC defines a Satellite Program as an extension of the base program at a geographically separate location from the base program but within the 50 U.S. States and its Territories, at which all Respiratory Care core didactic and laboratory courses of the program are offered. This definition does not pertain to sites used by a completely online/distance education program for individual students or to base program students attending one or more classes via distance learning technologies. The satellite's location must be advertised or otherwise made known to prospective students. Satellite program options function under the direction of the Key Personnel of the base program, along with a site coordinator at the satellite location. A satellite campus must:

1. be permanent in nature;
2. be under the governance and lines of authority of the base program's sponsor;
3. offer the same required curriculum as the base program;
4. have a dedicated budget;
5. have a satellite coordinator employed by the base program's sponsor;
6. ensure that students are not required to physically attend the base program's campus for any required programmatic coursework; and
7. not exceed the maximum aggregate enrollment as specified in Policy 2.05 (and below).

**Note:** The sponsor of a base program without pending progress reports can expand its offerings by adding a maximum of two (2) satellite program options. Graduates of the Satellite Program Option must be awarded the same degree as graduates of the base program. Aggregate enrollment at each satellite location cannot exceed thirty (30) students. Aggregate enrollment is defined as the total number of students matriculated in the program satellite at any point in time.

CoARC requires that each program location, irrespective of its designation or location (main campus, branch campus, satellite, or otherwise), must have a separate program number. Accordingly, each location will have its own accreditation status.

CoARC requires that each base program and satellite program, whether such program is located on a satellite, branch, or main campus of the sponsoring institution, have a separate program number.

CoARC does not recognize branch or satellite campuses as falling under the accreditation award of the base campus of the sponsoring institution. CoARC requires that each program location, whether designated as a branch campus or otherwise, have a separate accreditation status.

**The following are requirements for the submission of a Letter of Intent Application (refer to CoARC Accreditation Policy 2.06 for more information and reporting requirements):**

1. All applicant programs must complete this application. All information requested in the application is required unless otherwise indicated and the completed application must be submitted electronically in a compressed zipped file **by email to: [erica@coarc.com](mailto:erica@coarc.com)**
2. The application must include complete contact information. If a representative prepares the application on behalf of an institution, the preparer's contact information must also be included. Signatures, where requested, can be either handwritten or electronic.

3. A nonrefundable Letter of Intent Application fee (see <http://www.coarc.com>) must be submitted to 264 Precision Blvd, Telford, TN 37690. To submit a payment electronically, contact Shane Keene ([shane@coarc.com](mailto:shane@coarc.com)). **The application will not be processed until the fee is received.**
4. The application will be reviewed when all required components, including any necessary state approval and all applicable fees, have been received and the application is determined to be complete. The application must be received in electronic format. Incomplete or improperly assembled applications will not be processed, and the applicant will be required to resubmit the application. If the Executive Office does not receive all the required documentation within twelve (12) months following submission of the Letter of Intent Application, the application will be rejected, and the Letter of Intent fee will be forfeited. Should the sponsor decide to redo the application, a new application with all required components and an application fee will be required (see Policy 2.03).
5. The sponsor must adhere to the submission deadlines described in Policy 1.11 of the CoARC Accreditation Policies and Procedures Manual.
6. Applicants must use the current version of this application. Previous versions will not be accepted. Please check with the CoARC Executive Office ([erica@coarc.com](mailto:erica@coarc.com)) to confirm that you are using the correct version.
7. Follow the **step-by-step instructions** on the next page to assemble the required documentation for this Letter of Intent Application.

**It is the responsibility of the program to provide this information as requested and in an electronic format. Please contact Bonnie Marrs (817-283-2835 ext. 102) at the CoARC Executive Office if help is required.**

## Step-By-Step Instructions

The Letter of Intent Application is an interactive Adobe Acrobat Document (PDF) compatible with Adobe Acrobat Software 8.0 and later formats. **It must be submitted in the Adobe Template form. Scanned copies will NOT be accepted.**

There are a few helpful tools that will need to be available in your toolbar: the hand tool, the previous page view button, and the bookmarks panel. All tools can be located by selecting View, Toolbars, and More Tools. However, software versions differ so you may have to use the ‘Help’ tab to locate a particular tool. The ‘hand tool’ allows you to fill in the highlighted fields, and the ‘previous page view’ enables you to go back and forth within the template. The ‘bookmarks panel’ allows the user to navigate to different set pages quickly within the document and is located in the navigation pane.

**Please be sure that the ability to rename the folder and documents is not restricted** and that documents are positioned so they do not need to be rotated to view.

Please use the steps on the following pages as a guide in completing the Letter of Intent Application.

1. Create a main folder on your desktop that is labeled with the “Sponsor Name, Letter of Intent (LOI), Submission Date” (i.e., ABC College LOI 10.31.2022).
2. Open the main folder and create **one** sub-folder for the supplementary documents/attachments named **Supplementary Documents**.
3. Save the Letter of Intent Application to the main folder you created on the desktop.
4. Name the Letter of Intent Application the same as the main folder “Sponsor Name, LOI, Submission Date” (i.e., ABC College LOI MM.DD.YYYY). When you open the main folder, it should look like the example below.

Name	Status	Date modified	Type
Supplementary Documents		10/31/2022 5:23 PM	File folder
ABC College LOI 10-7-2022.pdf		10/24/2022 2:08 PM	Adobe Acrobat D...

5. Open the saved template and complete the requested information with the appropriate signatures.
6. Place all documentation requested to **‘include as attachment’** throughout the application in the Supplementary Documents folder. If more than one document is required for an attachment, all requested documents should be combined (i.e., scanned or PDF portfolio) to create a single PDF attachment.

The example below is how the Supplementary Documents folder will look once all the attachments have been included.
