

Beginning January 1, 2027, the CoARC will institute a flat fee for all site visits. All programs will be invoiced prior to the scheduled site visit. The invoice must be paid before the site visit occurs. Please use the information below for programmatic budgeting. \*While most programs will fall within the parameters below, the CoARC reserves the right to send additional site visitor(s) in situations where it deems it necessary to facilitate the site visit process. This would only be expected to occur in rare instances, please reference the rate below.

**Standard site visit fee for a  
Base Program, Satellite,  
or ADT only (2 Site Visitors)**

| 2027    | 2028    | 2029    |
|---------|---------|---------|
| \$3,600 | \$3,800 | \$4,000 |

*If a program has additional programs  
or components beyond a standard  
site visit, then the below additional fees would  
be applicable as well.*

**Add ADT (2 Additional site visitors)**

| 2027    | 2028    | 2029    |
|---------|---------|---------|
| \$3,600 | \$3,800 | \$4,000 |

**Add Satellite (1 Additional site visitor)**

| 2027    | 2028    | 2029    |
|---------|---------|---------|
| \$1,800 | \$1,900 | \$2,000 |

**Add Off Campus Laboratory Site (OCLS)**

| 2027    | 2028    | 2029    |
|---------|---------|---------|
| \$1,800 | \$1,900 | \$2,000 |

**(1 Additional site visitor)**

| 2027    | 2028    | 2029    |
|---------|---------|---------|
| \$1,800 | \$1,900 | \$2,000 |

**\*Additional site visitors as needed**

For example, if a program was scheduled for a site visit in 2027 and had a base program and a satellite campus the total fee would be \$3,600 + \$1,800= \$5,400. If there are any questions regarding accreditation fees or billing, please contact Dr. Shane Keene for assistance [shane@coarc.com](mailto:shane@coarc.com) or 423-335-0297.
